

Objective 2: Site Evaluation and Geo-audit

“To develop our understanding of the nature and significance of local geodiversity and its essential role in shaping local landscapes.”

Objective 2: Site Evaluation and Geo-audit

Understanding geodiversity

Work ongoing

Work planned

Future action

Action	Action status
<ul style="list-style-type: none">To maintain a rolling audit that monitors the condition of existing local sites at regular intervals.	
<ul style="list-style-type: none">To identify and audit potential new sites that highlight important aspects of the county's geology and geomorphology.	
<ul style="list-style-type: none">To collect, collate and submit essential Geodiversity information on the county's sites to the Staffordshire Ecological Record database and to thereby support the local records centre.	
<ul style="list-style-type: none">To establish and emphasise the wider contribution of geology and geomorphology to local landscapes through the development of links to Natural England's "Local Character Areas".
